SUMMARY

Frontend Developer with expertise in building high-performance, scalable, and responsive web applications. Skilled in JavaScript, HTML, CSS, and modern frontend frameworks. Experienced in UI/UX design, API integration, and performance optimization. Proficient in transforming designs into interactive and accessible user experiences, writing clean code, improving functionality, and collaborating within agile teams to deliver effective web solutions.

WORK EXPERIENCE

Frontend web developer intern, Exclusive Digitals Pvt. Ltd, Sukkur, Pakistan **Aug 2024 - Oct 2024**

- Implemented and enhanced responsive web applications using HTML, CSS, and JavaScript, ensuring seamless cross-device performance and a 100% mobile-friendly experience.
- Converted high-fidelity Figma designs into interactive web pages, maintaining pixel-perfect accuracy and reducing UI development time by 30%.
- Enhanced page load speeds by 25% through efficient asset management, minification techniques, and CSS improvements.

Frontend web developer, FIVERR, online (Remote) **Sep 2022 - Sep 2023**

- Structured and configured 4–5 custom landing pages, ensuring responsive layouts, brand consistency, and optimal user experience.
- Developed and fine-tuned interactive UI components using HTML, CSS, JavaScript, and jQuery, resulting in a 40% increase in user engagement.
- Worked with clients globally, translating their requirements into scalable and visually engaging web solutions.

EDUCATION

Sukkur Institute of Business Administration, Sukkur, Pakistan - Bachelor, Computer Science **Sep 2020 - Jul 2024**

Board of Intermediate & Secondary Education , Ghotki, Pakistan - Intermediate, **Apr 2018 - Apr 2020**

CERTIFICATIONS

C for Everyone Programing Fundamentals, University of California Santa Cruz

Meta Frontend Developer Certificate, Coursera

JavaScript Algorithms & Data Structures, FreeCodeCamp

SELECTED PROJECTS

SmartQ **Aug 2023 - Jun 2024**

- Engineered 'SmartQ', a real-time queue management system that reduced customer wait times by 30% in hospitals and banks.
- Applied a mobile-responsive UI with React.js and seamlessly integrated real-time data synchronization using RESTful APIs.
- Refined queue handling logic, resulting in a 20% boost in service efficiency and a reduction in manual errors.
- Constructed a cross-platform mobile app in React Native, enabling remote queue joining and real-time push notifications, significantly improving user accessibility.

The food menu **Jul 2023 - Dec 2023**

- Assembled a food ordering web app, allowing users to browse, search, and filter items with real-time search functionality for a seamless experience.
- Planned and configured a fully responsive UI with React.js, enhancing user engagement and accessibility across multiple devices.
- Incorporated real-time CRUD operations using Express.js and MongoDB, leading to a 35% faster order management process.
- Integrated a REST API to dynamically fetch food data, ensuring optimized performance and seamless data updates.

SKILLS

Programming	: HTML5, CSS3, JavaScript
Version Control	: Git, GitHub
UI/UX Design	: Media Queries, Flexbox, CSS Grid, responsive web design, Figma to Code
Frontend Technologies	: React.js, jQuery, AJAX, JSON
Development Practices	: Scalability, SEO, Team collaboration, API integration, Debugging
Performance Enhancement	: Lazy Loading, Code Splitting, Minification

ORGANIZATIONS

Organizer at Microsoft Learn Student Ambassadors Club Sukkur IBA University (05/2023 - 12/2024)
